	What America Has Done to Israel and the homosexual agenda in the nation	What Happened to America
April 2013	<p>Secretary of State Kerry announced he is going to Israel Saturday to restart the "peace process" and the possibility of war with North Korea exploded the same day! It is now very clear that God has raised up North Korea to judge America. America will not stop the homosexual agenda and interfering with His prophetic plan for Israel, so God is now going to stop America. It appears that He will use war to stop the US.</p> <p>America cannot fight for long as it will destroy the economy. The nation is bankrupt and will print money to pay for it. This will cause massive inflation and destroy the economy.</p> <p>If North Korea has nuclear weapons, it will use them against America and our army in Asia. There is NO doubt about this. The loss of our military can be staggering. If NK can reach the mainland, they will nuke our cities.</p> <p>If you follow this blog, you have seen my posts linking "homosexual marriage" and dividing Jerusalem to the NK's nuclear weapons and missiles. It seems to be coming to a climax right now. I do not think there is much time left for America. I can feel the judgment like it was just prior to 9/11 and in September 2008 before the stock market crash. The judgment is in the "air." Only intercession by the church can stop it.</p> <p><u>Kerry returning to Jerusalem and Ramallah to push for renewal of peace talks</u> 04/03/13 The pressuring is now building from America to divide the land of Israel and Jerusalem. The Holy God of Israel is having none of this as it is clear that North Korea is now a "rod of judgment" on America. It appears that the day of reckoning is fast approaching for America. God has warned but His people have lost the fear of Him.</p>	<p><u>N. Korea approves nuclear strike on United States</u> 04/03/13 This is the day that Kerry said he was going to Israel to divide the land! My heart is so heavy for America.</p> <p><u>North Korea threatens: US to move missile defenses to Guam</u> 04/03/13 If God is not protecting America, no advanced missile defense can stop a nuclear missile fired towards America. America is spitting in God's face nearly every day and the church is nowhere to be seen in this. The combination of homosexual marriage and now touching Israel just may be the final "straw" with the Holy God of Israel.</p>

	<p><u>John Kerry Heads Back to Mideast in Push for Peace</u></p> <p>04/03/13 He is heading to Israel to promote dividing the land at the very same time that North Korea threatens of nuclear war on American soil! Please face reality on this. This could be awesome judgment on America as the threat of war erupted during the Supreme Court hearing of “homosexual marriage!” How much clearer can the warning of judgment be? It is there for the entire nation to see on ALL the media outlets together!</p> <p>“Hopes for quick progress still seem bleak. Israel’s new government, with a large hardliner contingent, has shown no sign of giving ground to the Palestinians on sensitive issues such as Jewish settlements in contested lands, future borders or the question of Jerusalem — which both sides claim for a capital. Power among the Palestinians, meanwhile, is split between those who demand tough Israeli concessions before talks can occur and those who simply reject the notion of negotiations.”</p>	
May 2013	<p>I am very blessed to report that I received an overwhelming amount of emails making the link between the homosexual event in OKC and the massive tornado outbreak almost in the city. It does show that numbers of people now see these links on their own. They are walking in the fear of the Lord.</p> <p>The awesome disasters continue with no letup. Two events coincided and bracketed this incredible tornado storm that devastated Oklahoma. A bold homosexual event titled “The New Normal” ended Sunday and Kerry landed in Israel on Tuesday, to continue the plan to divide Israel and Jerusalem.</p> <p>The sheer size of this storm and the massive destruction once again shows that America has crossed the line with the Holy God of Israel. God’s stern warnings now appear over and the punishing judgments are following one after the other. It was just late last year that Hurricane Sandy smashed New York as the state and city were sealing homosexual “marriage”. This massive storm hit at the very time the state supreme court sealed this “marriage” into law.</p>	<p><u>Most Devastated Area Spans 30 Square Miles Near Oklahoma City</u> 05/20/13</p> <p><u>Deadly echoes of destruction: Oklahoma Twister is worst in recent memory including one that hit same town in 1999</u> 05/20/13 I reported the 1999 tornado outbreak in my book <i>As America Has Done to Israel</i>. After the following quote, I post this section of my book.</p> <p><i>“The catastrophic storm that tore through Moore, Oklahoma on Monday bears striking similarities to other powerful tornadoes that have killed hundreds of people and caused billions in damage. Striking on May 3 – 14-years ago – outside Moore, the strongest winds ever recorded on Earth were registered as the massive twister barreled through at 318 mph. The huge F5 category tornado, which is classified as ‘incredible,’ caused \$1.1billion in damage and in total caused the deaths of 44 people. Just like Monday’s horrifying storm, the 1999 storm system developed at around 3.30 p.m. and touched down seven miles</i></p>

Oklahoma is supposed to be part of the Bible belt. How many churches were interceding before the Lord on Sunday about the open homosexuality in the streets of the state capital? I dare say almost none. I see this as judgment on the entire Christian church for not fearing God. How many of these massive destructive storms does God have to send before the church will see what is happening? Will it ever fear God and intercede and cry out to Him?

It does get somewhat weary to tie these events together and yet the masses just refuse to believe that God is holy and will not tolerate the massive killing of babies in the womb and the homosexual agenda. He will not tolerate America violating His prophetic word for Israel. The problem is not with God as He has warned America since 1987. The problem lies with His church that has lost that God is holy and to walk in Godly fear of Him. Will the pastors of America please call your churches to repentance before the LORD? Will they cry out for an outpouring of the Holy Spirit to beat back the spirit of Antichrist? How much longer before it is "God's Final Warning to America?"

“OKC Pride Week honors LGBT couples and families and longtime equality activist Bob Lemon 05/13/13
Homosexuality is not normal in any manner. As the “New Normal” spreads throughout the country, it appears that the real “new normal” will be God’s judgments to match how the country degenerates into the homosexual agenda.

OKC Pride on Facebook 05/19/13 This is the Facebook page. The organizer boldly stated “Rain never hurt nobody!!! Bring it on!!!” Well the “rains” came and lots more came with it, I wonder if the homosexuals and their supports are now as bold as they were during the parade?

Kerry to arrive in Israel to push for negotiations 05/19/13
As Kerry was flying to Israel to divide Jerusalem, America was being devastated by an awesome tornado storm. It was one of the worst in history. This follows the Joplin tornado outbreak which also occurred when Obama was stating the US policy to divide the land of Israel.

May 1999 Tornado Outbreak

“On May 3, 1999, starting at 4:47 P.M. (Central Standard Time) the most powerful tornado storms to ever hit the United States fell on Oklahoma and Kansas. The wind of one tornado was officially measured at 316 MPH making it the fastest wind ever recorded. This tornado was very near to being classified as an F-6 on the tornado rating scale. There has never been an F-6 tornado.

The storm included many F-4 tornadoes and F-5 tornadoes (F-5 have winds over 260 MPH) which are extremely rare. There were almost 50 confirmed tornadoes with nearly 200 warnings! One F-5 tornado was over a mile wide and traveled for four hours covering 80 miles on the ground. It destroyed everything in its path. This tornado was unprecedented in the history of tornadoes. Category F-5 make up less than one percent of all tornadoes. Tornadoes are usually a couple of hundred yards wide at the most, not over a mile; they seldom last for more than 10 – 15 minutes, not for four hours; they stay on the ground for a couple minutes, not four hours.

The damage of this storm was incredible. The headlines of the newspapers stated: “Everything was gone – At least 43 dead in monstrous Plains tornadoes;” “20 hours of terror;” “Stark scene: Miles of devastation;” “Tornadoes shred state.” The National Oceanic and Atmospheric Administration stated, “This is an outbreak of historic proportions, no doubt about it.” Oklahoma Governor Frank Keating said, “This is the most calamitous storm we’ve ever seen and probably one of the more calamitous that ever hit the interior of the United States.”

“The tornadoes destroyed more than 2,000 homes in just Oklahoma City. Entire small communities disappeared as everything in the towns was leveled. The town of Mulhall, Oklahoma ceased to exist. Thousands of automobiles and vehicles were destroyed. The storm’s destruction totaled billions of dollars. On May 4, the federal government declared large sections of Oklahoma and Kansas disaster

areas.

The storm warnings began at 4:47 PM (CST). In Israel this would have been 1:00 AM on May 4. May 4 is the date Yasser Arafat was scheduled to declare a Palestinian state with Jerusalem as its capital. This declaration was postponed until December 1999 at the request of President Clinton. President Clinton had already stated the Palestinian's should have their own state and that Jerusalem was negotiable. He even refused to move the United States embassy to Jerusalem.

On May 4 President Clinton declared parts of Oklahoma and Kansas disaster areas. On this very same day the President sent a letter to Arafat. In the letter Clinton, encouraged Arafat's aspirations for his "own land," the President said the Palestinians had a right to "determine their own future on their own land," and the Palestinians deserved "to live free, today, tomorrow and forever."

What an awesome warning to America. The most powerful tornadoes ever to hit the United States fell the same day (May 4 Israeli time) that Arafat was to proclaim a Palestinian state with Jerusalem as its capital. The United States had forced Israel into this "peace process," and pressured Israel to already give away some of the covenant land. President Clinton had been the major force supporting Arafat. The very same day Clinton encouraged Arafat about the Palestinian state, he declared parts of America a disaster area from the worst tornadoes in history.

The declaration of a Palestinian state with Jerusalem as its capital, backed by the government of the United States could release the dreaded wrath of the holy God of Israel on our nation. The idea of the United States backing a Palestinian state with Jerusalem as the capital is a distinct possibility. God has already warned."

[Power of Moore tornado dwarfs Hiroshima bomb](#)
05/21/13 As America continues to violate God's word and goes deeper in rebellion against Him, the disasters are getting more frequent and powerful. It was just a few months ago that the record Hurricane Sandy devastated the New York City area. In May of

As the homosexual agenda begins to take over America, parts of the nation are going to be uninhabitable. God's word of judgment will be fulfilled to the letter in America. Because of national sin, the nation that once was blessed will be utterly and totally cursed.</p>
July 2013	<p>This meeting is DOA. Everyone knows it, but both Obama and Kerry have to force this one more time. In the end, Jerusalem will become the "stumbling block" that cannot be resolved.</p> <p>I believe that as this process fails because Israel will never agree to divide Jerusalem, Obama will target Israel. He will put enormous pressure on Israel which is going to put God's pressure on America. No good can come out of this for America. I believe the level of God's judgment on America will match the pressure Obama and Kerry put on Israel.</p> <p>In the end, Jerusalem will be the issue.</p> <p>Kerry: Talks aim to reach final-status agreement in 9 months 07/30/13 This will bring the timeline to April 2014. As this deadline nears, watch Kerry put enormous pressure on Israel and Jerusalem to become the key issue.</p> <p>Obama joins talks as first substantive meeting kicks off 07/30/13 In all the meetings and hoopla, there is no talk of Jerusalem.</p> <p>East Jerusalem thorniest of issues ahead of peace talks 07/29/13</p>	<p>American Dream Slipping as Homeownership at 18-Year Low 07/30/13 Notice how the focus of the meeting is the land of Israel and Israel building homes on the land. The generation who, in great numbers, want abortion, homosexuality and drugs are now being financially crushed. The young cannot afford homes or the rent and many are living at home.</p> <p>Unemployment Rates Rise in 90 Percent of US Cities 07/30/13 This was for the month of June but the bad news was reported during the time of this meeting. Remember, that June was officially "Gay Month" and this is part of the curse that hit during that month.</p>

<p>September 2013</p>	<p>I see the floods in Colorado as a combination of <i>As America Has Done to Israel</i> and <i>God’s Final Warning to America</i>.</p> <p>The direct correlation is that the massive floods occurred as Secretary of State John Kerry was meeting in London, Paris and Jerusalem to create a Palestinian state with Jerusalem as the capital.</p> <p>These were record-breaking floods that devastated 4500 square miles of the state. Upwards to 20,000 homes were destroyed or damaged. <u>“Biblical” rains trigger flooding that kills 3 in Colo.</u> 09/12/13</p> <p>I listed below the correlations, so you see it with your own eyes.</p> <p>We have to watch every move that Kerry makes to divide Israel. His recent meetings did not make the headlines, yet, the awesome floods matched what he was doing to Israel.</p> <p>It appears that God’s time of grace with America is over, and now the judgments are falling at even the slightest move by Obama and Kerry against Israel.</p> <p>A word to those who may be viewing these correlations for the first time. In my book <i>As America Has Done to Israel</i> and on this blog, I have documented nearly hundred such correlations. The worst disasters in United States are found in these correlations. I suggest that you read the book to see the foundation of why God is judging America for attempting to divide Israel and Jerusalem.</p> <p>The area of Colorado that was devastated by the floods is a tremendous center for the pagan New Age religion, homosexuality and abortion. As far back as 1975, the City of Boulder was trying to legalize homosexual “marriage”. It was the first locality in America to do so.</p> <p>It seems that God’s “cross hairs” of judgment is now focused on Colorado. The massive fires of June and July of both 2012 and 2013 where connected with homosexual events. I documented this on the blog. Now, the massive floods are hitting a section of America that is leading the way in rebellion against the Holy God of Israel was now literally being washed away. It is just as Leviticus 18:25 describes:</p>	<p><u>“Biblical” rains trigger flooding that kills 3 in Colo.</u> 09/12/13</p> <p><u>Why Was the September 2013 Colorado Flooding So Bad?</u> 09/17/13 Notice that the horrific rains fell exactly during the time frame that Kerry was meeting in London and Jerusalem to divide Israel. Look at the meetings as bookends, and in between were the rains reported as “Biblical rainfall amounts.”</p> <p>A little over 48 years later, a similar, but much longer-lasting and more widespread flooding event set up over Colorado, New Mexico, western Kansas and southern Wyoming. In Colorado, the event spanned Sept. 8-15, 2013. In parts of New Mexico, the flooding continued into Sept. 16.</p> <p>The key weather players during the September 2013 flooding event were a large swath of tropical moisture over the Rockies (referred to as the Monsoon by locals), a large area of high pressure over the Midwest and a storm in the upper atmosphere over the Great Basin.</p> <p>The high over the Midwest acted like a giant roadblock and turned what would have been a several-hour event into a week-long ordeal. The result was a plume of heavy rain that re-fired on an almost daily basis from New Mexico to Colorado and southern Wyoming.”</p> <p><u>Historic Flooding Across Colorado</u> 09/16/13 The flooding was classified as once in a 1000 years event. It was the worst flooding in the state’s history.</p> <p>“Over the past few days, a 4,500-square-mile area across Colorado’s Front Range has been hit by devastating floods, leaving at least six dead, forcing thousands to evacuate, and destroying thousands of homes and farms. Record amounts of rainfall generated flash floods that tore up roads and lines of communication, leaving many stranded, and hundreds still listed as missing. Evacuations are still underway as weather conditions have improved slightly.”</p>

<p>that the land would “vomit out its inhabitants”. The massive floods give the mental image of vomit.</p> <p>As America goes deeper into rebellion against the Lord, the judgments are going to match this rebellion. So far, the church in general is sleeping through all this spiritual warfare. Satan is openly using America to promote sin and Obama as the world’s homosexual evangelist! God is responding with awesome judgments, but the vast majority of the pastors and church are fast asleep.</p> <p>In light of what happened in Colorado, the believers in this state must cry out to the Lord for mercy and an outpouring of His Holy Spirit. Colorado is a warning to the rest of the nation of what is coming to America. The fires and floods along with earthquakes and hurricanes, etc. are on the way.</p> <p><u>Our 10th annual Boulder Pridefest will take place on September 15, 2013, 11am – 6pm in Boulder Central Park!</u></p> <p>09/15/13 Look what was scheduled for September 15, in Boulder: a homosexual “Pridefest” event! On this day, the city along with huge sections of Colorado were destroyed by the flood!</p> <p>“BOULDER PRIDEFEST IS POSTPONED UNTIL FURTHER NOTICE DUE TO THE FLOODING EMERGENCY IN BOULDER COUNTY. A NEW DATE WILL BE ANNOUNCED WHEN IT IS AVAILABLE.”</p> <p><u>Longmont, CO: Homosexual Restaurant operators mark shared devotion in ceremony</u> 07/10/13 This city was right in the middle of the flooding. I do not think that people now are celebrating in this city or what is left of it.</p> <p>The two met online, when Kaven was running Martini’s and Kukich was living in New York. Now they’ve become prominent members of the Longmont community, particularly through their support of local nonprofits. Parents have introduced their gay kids to Kaven and Kukich as role models, they said. The couple has helped raise tens of thousands of dollars for local causes. The judgment is going to match Obama’s rebellion against God’s prophetic word and plan for Israel. Add to this Obama’s drive to kill the babies in the womb and his homosexual evangelism, it makes one cringe to think of the judgment that awaits America.</p>

the Year award.

They, as they acknowledge, are probably the most recognized gay couple in the city. When the U.S. Supreme Court handed two landmark victories to same-sex couples last month, friends of the gay community in Longmont turned out at Martini's.

"We've had people come in all week long celebrating," Kaven said during an interview last week at Martini's. "Longmont does have a relatively large gay community. They're just a little hidden."

The Americans will not be partying much anymore. All the curses in the Bible connected with rebellion against God are now overtaking the nation. The people you see embracing, supporting and encouraging the homosexual agenda, God has exposed their hearts as reprobates before Him. Vast amounts of Americans are now reprobates before the Holy God of Israel.

Even amid Syrian crisis, Kerry makes clear his eye still on Palestinian track 09/15/13 It appears that nothing will stop Kerry from pressuring Israel to divide the land and Jerusalem. He still has his goal set for April 2014 to start dividing Israel.

Kerry pledges to peace talks during Abbas meeting 09/09/13 When they use the term "final status", it reminds me of the Nazi term "Final Solution" which was used for the Holocaust. Notice on September 9, Kerry had a significant meeting in London and Paris with several nations about dividing Israel.

Kerry putting Israel in 'impossible situation,' Israeli lawmaker writes 08/15/13 What a tremendous letter written to Kerry by a member of the Knesset, Ayelet Shaked. This letter lays out the danger of what Obama and Kerry are doing to Israel. It was written just a month ago, and as Kerry pursues this agenda look at how both he and Obama are being made a mockery before the world and the destruction that is hitting America!

Shaked also made reference to Israel's release of Palestinian prisoners who have killed Israelis as a way of pushing the Palestinians back to the negotiating table. The two sides resumed talks Wednesday following a three-year

October 2013	<p>Israeli Prime Minister Netanyahu was in New York to speak at the United Nations, General Assembly. Prior to his speech, he met with Obama and the topic of dividing the covenant land of Israel was discussed. Obama praised Netanyahu for forging ahead with the peace plan.</p> <p>Kerry is putting enormous pressure on Israel to divide the land, and just a week ago he said that Jerusalem was part of the plan.</p> <p>While Obama was meeting with Netanyahu, the federal government was heading towards chaos and a shutdown.</p> <p>I think that the stage is now set for a political civil war. Obama and the Hard Left are ideologues and not real politicians. They want to destroy America and create a new nation in the image of the Hard Left reprobates, so they will use anything to advance their agenda.</p> <p>For the first time, the Republicans seem to have courage to stand. The longer they stand the stronger they become. Also, the vast majority of Americans do not want Obamacare, so this is an issue in the Republican's favor.</p> <p>I see this as the possible start of the point of no return of a political civil war. The nation is dividing up, and it could start politically and spread.</p> <p>The fact that Obama was meeting with Netanyahu at the very time of this crisis is a sign that this needs to be watched. This political crisis may be God's trigger to divide America.</p> <p>The timing is breathtaking, as Obama is attempting to divide Israel, at the VERY time, this huge political divide is taking place in America!</p> <p>Obama hails Netanyahu over talks with Palestinians 09/30/13 No matter what happens in the Middle East, Obama cannot lose sight of dividing Israel and Jerusalem! Both Obama and Kerry now seem obsessed with dividing Israel. They have set the time as Spring, 2014. God has other plans, and it is going to be something watching this play out.</p>	<p>Obama Blames Government Shutdown on 'Ideological Crusade' 10/01/13 Obama only knows how destroy and not heal. That is why this confrontation could get real ugly, especially if the Republicans hold their ground.</p> <p>Time will tell if this shutdown starts the dividing of America. I have a feeling that it will because it happened while Netanyahu was meeting with Obama over dividing Israel.</p>

	<p>On October 1, 2013, Netanyahu made a powerful speech to the United Nations. In the speech he made reference to Iran and the appearance that the United States and other weapons program. He then made a bold statement that Israel’s existence was based on the Bible and quoted verses from the Bible! He was standing on the authority of the Bible!</p> <p>Netanyahu: The Jews are Home – And We’re Not Leaving 10/03/13 This was one of the most exciting speeches that I ever read. Netanyahu even quoted Amos 9:14-15 as the reason Israel as a nation and that the Jews were not leaving the land.</p>	
November 2013	<p>Dangerous Times: A Looming Strategic Disaster in the Middle East 11/23/13 This is a great article showing what Obama’s lies and weakness have done to the Middle East. He now has set the stage for World War 3 or, as I see it in the Bible, it will start with the Psalm 83 war. This is the all-out war between Israel and the surrounding Arab nations that will spread throughout the world.</p> <p>If Israel goes to war with Iran, watch for America to be at war with China. I can easily see God using China to break America as a super power. Once the war starts, it will be too late for America to repent and come back under God’s blessings. It will be like when the Babylonians were at the gates of Jerusalem. It was too late for Judah to repent. The nation was destroyed, and the Jews had to go into captivity. comprehensive nuclear pact to be completed **in six months**, freezes or reverses progress at all of Iran's major nuclear facilities, according to Western officials familiar with the details. It halts the installation of new centrifuges and caps the amount and type of enriched uranium that Iran is allowed to produce."

'Geneva talks a facade, US-Iran worked secretly on deal for past year' 11/17/13 This shows just how treacherous and underhanded Obama is. Deep down, I knew that Obama would sell Israel out. His love for the Muslim Brotherhood was all the proof that I needed. Now that it is his second term in office, he does not have to worry about the political ramification. This is the real Obama and Hard Left in action against Israel.

Will Israel Attack Iran? 11/23/13 Now that the West made a "deal" with Iran, watch these nations unify against Israel. It is possible that Iran will become the "good guy" while Israel now becomes "intransigent" to the West. I think that Obama will try to break Israel. What will happen if he does this is that God will break him.

Bennett: 'Bad' Iran deal increases need for military action 11/23/13

Iran Launches 'Massive' War Drills 11/21/13 Iran is building and preparing its military for an all-out war with the "dreaded Zionists". According to the Bible, they are preparing for their own massive defeat.

"Iranian military forces launched a series of "massive military drills" across nine provinces on Wednesday following an order by Supreme Leader Ayatollah Ali Khamenei, according to state media reports.

The drills, codenamed **"Towards Jerusalem,"** will continue over the coming days and throughout the rest of the year."

Rouhani to the West: Ignore Israel, Sign a Deal 11/22/13 What I think will happen is that the coming war will turn into a world war. There is great bloodshed coming to all these countries as God will use the Muslims as judgment. I also think that Russia will take control over Europe also as judgment. The West is forcing Israel into war and bloodshed, and that is exactly what is coming on a massive scale to the West.

<p>December 2013</p>	<p>Obadiah 1:15 For the day of the LORD is near upon all the heathen: as thou hast done (to Israel), it shall be done unto thee: thy reward shall return upon thine own head.</p> <p>This verse is really coming into focus with America. Obama is now the Neville Chamberlain of our era. Chamberlain appeased Hitler, and this directly led to World War 2. Now Obama is doing the same with Iran and its nuclear weapons program. The problem is Iran is far more dangerous than Nazi Germany because of its nuclear weapons program.</p> <p>At the very time Obama allowed Iran to finish the nuclear program, China exploded into confrontation with the United States. The Chinese even showed how it would use nuclear weapons against the mainland of the United States! At the very time Obama is putting Israel in danger of a nuclear Iran, nuclear China is challenging America! What America was doing to Israel, God timed events so it was happening to America.</p> <p>Please, do not believe any propaganda that China is not on a course of war with America. This is just like 1940 with Imperial Japan, which had built its navy to defeat America’s. Japan’s military wanted the confrontation with America and now China is in the same position. No country builds its military like China has without plans to use it. China is giving clear signals of a confrontation with Japan and America. The Chinese military thinks the time is right for this confrontation.</p> <p>I see no hope for America with Obama as the Commander-</p>	<p>Special Report: China’s navy breaks out to the high seas 11/27/13 China now has the military power in place to challenge the American navy. Amazingly, this challenge was made clear at the very time Obama dealt treacherously with Israel! It is very obvious that Obama is now going to face a nuclear China, ready for war, at the same time he is allowing Iran to make nuclear weapons. What he is doing to Israel, God is using China for the same judgment against America! Look at the timing of these events!</p> <p>I believe that God is “telegraphing” what is coming to America and it is not pretty.</p> <p>Analysts: Tensions in Asia could snowball 11/29/13 The conflict in the Pacific could ignite very quickly as China is ready for war. China would not do this if it was not ready.</p> <p>The article went on about how the growth of the Chinese military is the driving force behind this confrontation. China feels it is now prepared to challenge America while the United States is under the Sequestration created by Obama.</p> <p>US Advises Airlines to Comply with China Air Defense Zone 11/30/13</p> <p>Rohani: Iran will not dismantle nuclear sites 11/30/13 Of course it will not, and why should it in face of Obama and the European’s weakness!</p>

in-Chief. The curse of God hovers over this man and everything he touches is destroyed. He is God's agent of judgment.

I believe at the very time that Israel goes to war with Iran that America will be at war in Asia with China. If Israel suffers because of Obama, then America also will suffer.

I will now follow very closely what America is doing with Israel and nuclear Iran, and how God is raising up China in judgment against America. The two are on a parallel course.

God is in the process of using China against America in accordance with Obadiah 1:15.

The Bible is the word of God and the final authority on all matters. We are seeing this as events play out with Israel and the judgments falling on America.

11/29/13 Obama wants Netanyahu to keep quiet while he allows Iran to produce a nuclear weapon.

[Ayatollah: 'Wipe Israel off face of Earth'](#) **11/29/13** At least Iran is honest and truthful about its goals. Just like Hitler, they are not hiding their intentions to destroy Israel. In spite of this goal, Obama makes his treaty with Iran!

Since making this "deal" with Obama, Iran is even more belligerent against Israel. It appears that this deal has energized them in their hatred for Israel. Iran also is very upset that Israel controls Jerusalem. Jerusalem really is a "burdensome stone" for the world, but especially the Muslims. They feel compelled to take Jerusalem for Allah. This is tied to the destruction of Islam.

Khamenei called Israel a "rabid dog," "unclean," "illegitimate" and "a bastard."

	<p><u>'Secret talks with Iran led Obama to shelve strike on Syria'</u> 11/30/13 This explains what Obama did with Syria. This all has to do with Obama's secret talks with Iran.</p> <p>It does now appear as Obama pushes his plan to divide Israel that God is using nature to rise up against America. After all the fires, floods, droughts, hurricanes and tornado storms now this massive snow storm, while Kerry is in Israel to divide the land.</p> <p>At the very time he was in Israel, a massive snow storm struck this nation! There was up to 20 inches of snow in Jerusalem, and this could be a record breaking storm. Nature is now in convulsions as America and the world pressure Israel to divide the land.</p> <p>I really do believe that disaster after disaster is going to hit America from now on as Obama is serious about dividing Israel. Kerry set the deadline as April 2014 to draw up the plan and start dividing the land. I would expect 2014 to be a year of fierce disasters of all types hitting America and maybe starting to destroy the infrastructure of the nation.</p> <p>Remember, to keep your eye on China, as this nation is showing sure signs of war with Japan and America.</p> <p>What could happen in 2014 is, as Obama pressures Israel to divide the land, what coincides is war with China and incredible natural disasters striking America.</p> <p>God wants to bless and not curse America but the national sin and rebellion leaves Him no choice. Remember, the church, which is the key, remains in a comatose state. With the vast majority of the church on the sidelines, America has no prayer covering and faces direct judgment.</p> <p><u>Kerry meets PM Netanyahu to push peace talks 12/13/13</u> Kerry is relentless in his pursuit to divide the land.</p> <p><u>Kerry in Middle East to talk Jordan Valley security proposals with Israelis, Palestinians 12/12/13</u></p>	
March 2014	There is so much happening that my head is spinning. These	<u>4.4 earthquake near L.A. could be 'foreshock' for</u>

	<p>events can easily escalate to the point of a no return and war.</p> <p>The world has now entered into dangerous waters. Russia is not the least bit worried about Obama and is now moving ahead with its agenda. I see its agenda as reestablishing the Russian empire. Russia will be the major European Empire during the Ezekiel 38 war.</p> <p>Putin will meet every one of Obama’s challenges, which can easily escalate into a war unless Obama does nothing. This will only encourage Putin into more action. It seems as if the time has arrived for a major confrontation with Russia.</p> <p>Never take your eyes off China and North Korea as they are watching Obama very closely. At the right time, they are going to move and ignite Asia into war.</p> <p>Israel is also watching Obama, and if they see him collapsing, it might mean it is time to attack Iran. This is why I have reported that the world is going to see this war as WW3, when it is just the prelude to Armageddon.</p> <p><u>Obama to Abbas: Palestinians must take risks for peace</u> 03/17/14 Obama was very nice to his Palestinian friend, not like the way he treats Netanyahu! Jerusalem is always on the table, and as always, America faces judgment for attempting to divide the land and city.</p>	<p><u>bigger shake</u> 03/17/14 This was a rolling earthquake that was felt over a large area of the Los Angeles region. Is it a warning of what is soon coming? I think it is, as the sin of California is long overdue for judgment. The fatal earthquake might hit this state in conjunction to some homosexual event and Obama bullying at the same time.</p> <p><u>Putin Recognizes Crimea, Ignores Obama Sanctions</u> 03/17/14 Obama tried to act like a tough guy with Netanyahu, now let him try to act like this with Putin. Putin knows that Obama is weak and is going to challenge Obama at every turn. I really think that God has a sense of humor by looking at the timing of all this. Now Obama has Putin to deal with! Obama, try acting like a tough guy with Putin and see what happens.</p>
July 2014	<p><u>New Obama rule could force cities to house illegals</u> 07/18/14 This reminds me of one of the causes of the American Revolution. 	<p><u>California Governor Signs Homosexual Bill Eliminating Terms 'Husband' and 'Wife'</u> 07/11/14 This shows the depth of the reprobate mind that has taken over America. They are under such a delusion that even the terms “husband” and “wife” are offensive to the reprobate mind. Gov. Brown and his ilk have the exact thinking of the homosexuals. The state legislators voted for this as law and he signed it. These people are really at war with God, and so they will be with us. They HATE God and what he is, and they will manifest that hatred for all who are God’s and do not back down to them. California is really now under the control of a reprobate mindset and will receive the judgment reserved by God for the reprobates. America has really spiritually died and physical death is about to follow.</p> <p><u>Health survey gives government its first large-scale data on gay, bisexual population</u> 07/15/14 The number of homosexuals in the population are very small. Their power to destroy society comes from the Hard Left reprobates, who support and promote this lifestyle. It is anchored in the Democratic Party, but there are also lots of supporters within the Republic Party.</p> <p>The Hard Left hates God and all that is connected with Him. So naturally in their minds, they are against marriage between a man and woman, because this union comes from God.</p> <p>I believe that the Western reprobate mind is the most destructive force on earth. It is even more destructive than Islam.</p> <p><u>Schumer to Religious Americans: Pick One—Your Faith or Your Business</u> 07/10/14 Look at the arrogance of the Hard Left. As soon as they force Obamacare on us, they want to use it a bludgeon to promote their sin and force us to go along with them. These are vicious people. If you go along with or rollover to their agenda, you see the viciousness, but challenge them and see what happens! It does appear that Schumer is a point man for the reprobate agenda.</p>	<p>hard this year, although their plans fell apart in April. Now the borders of America are disintegrating before our eyes with seemingly no way to stop the collapse. Exactly what America tried to do to Israel has now overtaken America.</p> <p>I see this as direct judgment from the Holy God of Israel on America for violating His word about the land of Israel. This seems part of the final judgment on America. I expect additional judgments on top of this. America is going to be hit with many judgments that will crush the nation.</p> <p><u>Local Official: Feds Drop 'Unknown Number' of Illegal Kids in VA County Without Warning</u> 07/16/14 The entire nation is being affected. As the state goes deeper into the homosexual agenda, the crushing destroying judgment settles on it. It seems that a massive earthquake is on the way to Southern California. Something is coming to this state to destroy it. This state is going to be an example of God’s judgment for mocking Him and His word.</p> <p><u>Malaysia Airlines crash: Ukraine, Russia point fingers after missile downs plane</u> 07/18/14 Will this incident start WW3? August 2014	<p>It is very clear from the Bible that God does not want any nation to alter or touch the borders of Israel. God gave this land to the Jews by an everlasting covenant with Abraham, Isaac and Jacob. There are warnings of destruction for touching these borders.</p>	<p><u>Feds' Bulletin Describes Threat of Imminent Terrorist Attack on Southern Border</u> 08/29/14 Did God raise up Obama to open America’s southern border for judgment? It appears this is the case.</p>

	<p>Since 1991, every US president pressured Israel to divide the land and Jerusalem. America greatly suffered with awesome disasters hitting America at the very time of this pressure. I document this in my book <i>As America Has Done to Israel</i>.</p> <p>It seems this pressure by America is now coming to a head. At the very time Kerry is pressuring Israel to divide the land and Jerusalem, there are reports of ISIS coming across the US southern border to attack America. In light of the timing of this event, I believe in the near future a massive terrorist attack is going to strike America at the very time Obama is pressuring Israel to divide the land and especially Jerusalem. All of God’s warning signs are now pointing to this.</p> <p>Are you spiritually prepared for what is coming to America?</p> <p><u>Abbas Says US Agreed to ‘Palestine’ Along ‘67 Borders’</u> 08/29/14 Watch what happens when Kerry goes to Israel to pressure for the dividing of the land. April 2016	<p>Out of nowhere, the Houston, Texas area was hit with massive record-breaking floods. Events like usually are connected to some sinful national or state event, or to interfering with God’s prophetic plan for Israel.</p> <p>Sure enough, the US was bullying Israel over the Golan Heights, and Secretary Kerry proclaimed the US would pressure Israel to divide the land until the end of the Obama administration! At this very time, East Texas was hit with record flooding. From the following articles you can see the link between touching the land of Israel and the disaster hitting America.</p> <p><u>Biden Blasts Bibi: ‘Overwhelming Frustration’ With Israel’s Government</u> 04/18/16</p> <p>“Although he said both Israelis and Palestinians shared blame for undermining trust and shirking responsibility, he was emphatic in his critique of Netanyahu’s government, suggested his approach raised “profound questions” about how Israel could remain both Jewish and democratic. “I</p>	<p><u>Five dead, homes destroyed, and horses floundering in Houston’s historic floods yesterday as more heavy rain is predicted today</u> 04/18/16 This article is worth viewing because there are numerous (44) pictures that clearly reveal the devastation for people, and the amazing attempts to rescue animals like horses that also have been impacted by this deluge.</p> <ul style="list-style-type: none">• At least five people are recorded dead amid the historic floods swamping Houston, Texas, on Monday• The city saw 15 inches of rain on Sunday. firmly believe that the actions that Israel's government has taken over the past the past several years — the steady and systematic expansion of settlements, the legalization of outposts, land seizures — they're moving us and more importantly they're moving Israel in the wrong direction," Biden said. He said those policies were moving Israel toward a "one-state reality" — meaning a single state for Palestinians and Israelis in which eventually, Israeli Jews will no longer be the majority. United States 'doesn't consider the Golan a part of Israel'

04/18/16

"The United States does not consider the Golan Heights to be a part of Israel, State Department spokesperson John Kirby stressed on Monday, a day after Prime Minister Binyamin Netanyahu vowed the Golan Heights "will forever remain under Israeli sovereignty." "The U.S. position on the issue is unchanged," Kirby told reporters during a daily briefing at the State Department in Washington, according to *Haaretz*. "This position was maintained by both Democratic and Republican administrations. Those territories are not part of Israel and the status of those territories should be determined through negotiations. The current situation in Syria does not allow this," he added. On Sunday, the Israeli cabinet held a special meeting on the Golan Heights and Netanyahu opened the meeting **with a declaration** that "the Golan Heights will always remain under Israeli control." The Prime Minister also called upon the international community to recognize Israel's control of the territory."

Kerry vows to continue pushing for 'two-state solution'

"The United States will push for a two-state peace deal between Israel and the Palestinians until the end of President Barack Obama's mandate, Secretary of State John Kerry announced on Monday, according to *AFP*. Speaking in Washington to a conference held by J Street, Kerry said attacks like Monday's on an Israeli bus in Jerusalem only underlined the need for a negotiated solution."Despite the fact that we have spent time and effort to try to get there for these past few years I can tell you that for these next nine months we will not stop working to find a way," Kerry was quoted as having said. He insisted that pro-peace factions among both populations understand the
